In July 2017 on a **year-over-year** basis, the Consumer Price Index (CPI) for Whitehorse increased 0.6% (figures for Yukon are not available); 0.6 percentage points lower than that for Canada (1.2%).

Major contributors to the year-over-year **increase** were the prices of:
- Fuel oil and other fuels;
- Inter-city transportation; and
- Fresh fruit.

Some of these year-over-year increases were offset by **decreases** in the prices of:
- Gasoline;
- Furniture; and
- Electricity.

On a **month-to-month** basis, from June 2017 to July 2017, the CPI for Whitehorse (figures for Yukon are not available) decreased 0.1%.

Major contributors to month-to-month **decreases** were the prices of:
- Purchase and leasing of passenger vehicles;
- Electricity; and
- Gasoline.

Major contributors to month-to-month **increases** were the prices of:
- Fresh fruit;
- Inter-city transportation; and

Did you know?

Total receipts for food services and drinking places in Yukon reached a record-high at $8.4 million in June 2017.

Comparing June 2017 to June 2016, total receipts for food services and drinking places in Yukon increased by $1.8 million, or 27.6%; Canada's receipts increased 6.0%.

5. Rental Units

These figures are derived from the Yukon Rent Survey which, as of 2014, is now conducted on a semi-annual basis in April and October. Prior to 2014, the survey was conducted on a quarterly basis and only included buildings with 3 or more rental units (4 or more rental units prior to 2012). Although the methodology of the 2014 survey includes all types of buildings with rental units (displayed in table 5.1), the Yukon Bureau of Statistics continues to generate data for buildings with 3 or more rental units for historical comparisons (displayed in 5.2 and 5.3).

Endnotes

1. Population
   1.1 & 1.2 Population counts are as of the last day of given month. Due to rounding, the sum of columns may not equal total given.
   1.2 *Other* includes communities such as Champagne, Elsa, Johnson's Crossing, Keno City, Stewart Crossing & Swift River.
   1.4 Migration estimates are based on both international and interprovincial movement into and out of Yukon, as well as returning emigrants, temporary emigrants and non-permanent residents.

2. Employment
   2.1 Yukon figures are rounded to the nearest hundred; because of this, figures may not sum to totals. Monthly figures from the Labour Force Survey are three-month moving averages based on 92% coverage and are seasonally adjusted, which refers to the technique of adjusting raw figures to remove seasonal movements; however, annual figures are unadjusted.
   2.2 Yukon, Northwest Territories and Nunavut are not included in the Canadian unemployment rate.
   2.3 *Public Employees* are those who work for: a government at the federal, provincial, territorial, municipal, First Nations or other Aboriginal government level; a government service or agency; a Crown corporation; or a funded establishment such as schools (including colleges/universities), hospitals and public libraries. Yukon figures are rounded to the nearest hundred; because of this, figures may not sum to totals. All monthly Yukon figures from the Labour Force Survey are three-month moving averages based on 92% coverage.
   2.4 & 2.5 Unclassified businesses' employees are excluded, as well as those enterprises primarily involved in agriculture, fishing and trapping, private household services, religious organizations, and military personnel of defence services.
   2.6 *All types* includes people receiving regular, work-sharing, fishing, and special benefits. *Regular* benefits include people receiving regular income support benefits, whether or not they are participating in one of three employment benefit programs, namely Skills Development Program, Job Creation Partnerships Program, and Self-employment Program. *Special* benefits includes people receiving sickness, maternity, parental, and compassionate care benefits.
   2.7 A value of "0" represents one of the following: 1) value is actually zero; 2) value may be rounded to zero; or 3) value is more than zero but is suppressed for confidentiality reasons. Communities are displayed by census subdivisions (2011 Census boundaries). For some communities, census subdivision boundaries may not align with municipal boundaries.

3. Consumer Prices
   3.1 & 3.2 The Consumer Price Index (CPI) measures price changes over time but should not be used to compare costs between provinces and cities.

4. Trade
   4.2 *Total* includes additional North American Industry Classifications (NAICS) data which are not displayed, including: Clothing and Clothing Accessory Stores; Sporting Goods, Hobby, Book and Music Stores; General Merchandise Stores; and Miscellaneous Store Retailers.

5. Rental Units
   5.1, 5.2 & 5.3 These figures are derived from the Yukon Rent Survey which, as of 2014, is now conducted on a semi-annual basis in April and October. Prior to 2014, the survey was conducted on a quarterly basis and only included buildings with 3 or more rental units (4 or more rental units prior to 2012). Although the methodology of the 2014 survey includes buildings with 1 or more rental units (displayed in 5.1), the Yukon Bureau of Statistics continues to generate data for buildings with 3 or more rental units for historical comparisons (displayed in 5.2 and 5.3).

6. Real Estate
   6.1 *Total* includes residential lots and multiple-residential sales, which are generally too low to release due to confidentiality requirements, and non-residential sales (commercial and industrial properties). For further explanation, contact Yukon Bureau of Statistics.
   6.3 *Total* includes residential lots and multiple-residential sales, but excludes non-residential sales (commercial and industrial properties).
   6.5 *Bank Rate* figures are from the last Wednesday of the month.

7. Construction
   7.1 Rounded data may not sum to totals.
   7.1, 7.2 & 7.3 Yukon totals, beginning with January 2013, are calculated by the Yukon Bureau of Statistics, based on building permit data received from Yukon Community Services and City of Whitehorse. Yukon data prior to January 2013 is exclusively from Yukon Community Services.
   7.3 Does not include new or converted dwelling units in commercial or industrial properties.

8. Resources
   8.1 Prices of gold and silver are a.m. fix prices at month-end. Prices of lead, zinc and copper are London Metal Exchange "cash seller" prices at month-end.

9. Transportation
   9.1 As of September 2012, all aircraft movement figures, with the exception of Whitehorse, are now received from Yukon Highways and Public Works, Aviation Branch. As such, data published since September 2012 cannot be compared to figures in earlier issues of the Yukon Monthly Statistical Review.
   9.2 This table includes persons entering Yukon by land, air, train and water at Canada Border Services Agency ports of entry. It does not include: immigrants and former residents; non-resident crews; and Canadian crews. Although there is no permanent Canada Border Services land port of entry in Dawson City, special annual international events between Yukon and Alaska, namely Yukon Quest and Trek Over the Top, require participants to cross the border by land. For border crossing purposes, participants in Yukon Quest are counted as pedestrians while participants in Trek Over the Top are counted as crossings by automobile.
